

Hello,

FLATE sincerely thanks you for your support of Manufacturing Day 2014. Manufacturers across the country are planning tours and lunches for students; school districts are providing bus transportation for teachers and students; and manufacturers associations and organizations are providing donations for Florida MFG Day 2015 t-shirts for students across the state. Due to collaboration and partnerships within our state, Florida has led the nation in statewide student participation for MFG Day since 2013 with over 5500 students attending “Made in Florida” tours at 90 manufacturing sites and colleges across the country. This year we are expecting more student participation across the state. We’d LOVE for every student to have a commemorative t-shirt. We need your help!

Florida (National) Manufacturing Day Shirts Information

T-shirts for students are being designed and we’d like to have your organization represented on the Florida 2015 MFG Day T-shirts! There are several reasons for Florida MFG Day shirts. Shirts will:

- be used as an **incentive** for students to turn in tour permission slips quickly
- provide a professional look and feel for media publicity
- serve as a tangible reminder to the students of an impactful tour of a manufacturing facility

Sponsor names & tour hosts on the shirt back shows statewide impact and our strong support for manufacturing. The front of the shirt will have a full color commemorative design, including the official MFG DAY (national) logo. The back of the shirts will have sponsor logos and names of all of the manufacturers hosting student tours.
