- Recruiting & retaining girls in STEM
- Education programs alignment
- Communications
- Curriculum review process
- ET High tech camps for high school students
- Survival guide for middle school robotics
- Professional Development

MadeinFlorida.org/Manufacturing Day

Manufacturing Month kicks off on the first Friday in October each year to inspire the next generation of manufacturers.

Hold your student event in October or throughout the year to help change the perception of careers in manufacturing to reflect its true status as the most advanced, high-tech industry in the country.

FLATE Resources for planning your event:

- Connect student and educators with industry partners
- Best practices guide for industry tours
- Details and tips for planning your manufacturing tour event
- Curriculum/Lesson Plans to prepare students for tours and events
